In terms of a ruling issued by SARS, this document together with proof of payment of premium constitutes an alternative tax invoice, debit note or credit note as contemplated in sections 20(7) and 21(5) of the VAT Act respectively and supersedes any policy documentation or renewal notice issued by insurers for this purpose.

For policy valuation purposes all amounts stated in the policy including sums insured, limits of cover, excesses and deductibles, are expressed inclusive of VAT at 15.5%. For clarity it is noted that in cases where an excess is expressly recovered by an insurer from an insured the excess amount in terms of the policy so recovered does not constitute a consideration as defined in the VAT Act and as such has no VAT consequence.
